

Many Quadco Mower / Mulcher teeth have a feature allowing the tooth to be rotated. This feature enables both ends of the tooth to be used, doubling life and reducing operating costs.

DISC & DRUM ASSEMBLIES

Heavy Duty Disc and Drum Assemblies designed and manufactured to meet your product specifications.

DISC ASSEMBLIES

Tip-to-Tip Dia.: 36" – 60"
Pilot & Bolt Pattern options to match your driveshaft requirements
Steel & Carbide Cutting Tool Options

DRUM ASSEMBLIES

Length: 30" – 88"
Tip-to-Tip Dia.: 14" – 26"
Stub Shaft & Bearing Assemblies to match your requirements
Steel & Carbide Cutting Tool Options
